

VULNERABILITY ASSESSMENT & PENETRATION TESTING SERVICES

About the Client and their Business Need

Our client is a private non-banking finance company offering finance schemes for commercial vehicles & construction equipment with 49 branches in Tamil Nadu, Kerala, Karnataka, and Andhra Pradesh. As part of regulatory compliance needs the application servers were required to be assessed for security vulnerabilities. The client was looking for an enterprise security services provider with deep expertise in the cybersecurity landscape to carry out Vulnerability Assessment and Penetration Testing with the NIST security framework.
