## GOVERNMENT BANKING SUITE

# About The Client

Our Client is one of the largest Indian Financial Institutions with a disparate network of **5000 branches across the country** and **21 branches across the globe**.

## Business Need

The client was on the lookout for a quick, precise and timely service to augment the flow of Government business. They also wanted to facilitate their revenue collection through a levy, customs duty and cess while providing remittance to the Government exchequer within a stipulated time frame. The client wanted an effective system that would share more information on Government Business and Revenue collections with the Ministry and Parliament.

## Business Challenges

Non-compliance with Govt./ RBI's standard guidelines

Non-alignment with RBI's code of ethics

Delayed Government business services

## InspiriSYS Solution

InspiriSYS built the Government Business Suite (GBS) - a web-based software application and integrated it seamlessly with a popular Core Banking Solution. This solution would handle all essential Government Business operations.

The solution helps meet the regulatory requirements for:
