

# BANKING TECHNOLOGY REFRESH SOLUTION

## About the Client and their Business Need

Our client is a major public sector bank with 3,400 branches across India and 6 foreign branches. The bank envisaged to modernize their datacentre by consolidating multiple silos of application infrastructure across multiple departments into a common infrastructure. It required to migrate different workloads ranging from a custom-built application, Oracle Database, MySQL Database, Web Workloads, DWH Workloads across all environments.
