

A photograph of a modern data center with rows of server racks. The racks are filled with equipment, and their front panels display various green and blue lights and data. The perspective is from a low angle, looking down a long aisle.

DATA CENTER MODERNIZATION SOLUTION

About the Client and their Business Need

Our client is an International Container Terminal operator in Chennai with yard capacity of around 1.25 million TEUs per annum. It envisaged to modernize the TOS application. Existing partners took care of the application modernization and migration. The client was looking for a system integrator for data centre modernization.
