

T TRANSFORMATION SOLUTION

About the Client and their Business Need

Our client is one of the oldest private sector banks in India with 430 branches in 17 states, 242 ATMs of which 189 are On-Site ATMs, 53 are Off-Site ATMs spread across the country. The bank envisaged to modernize their data center by consolidating all their applications including core banking into a common infrastructure. They needed an effective IT transformation solution comprised of migrating multiple different workloads ranging from Custom Built Application, Oracle Database, SQL Database, Web Workloads etc.
